**Nuevo Vallarta, Riviera Nayarit, Mexico (May 17, 2007)** – Innovating beyond the traditional hotel website, Grand Velas All Suites & Spa Resort unveiled its completely upgraded Internet presence at [www.grandvelas.com](http://www.grandvelas.com), allowing visitors to actually anticipate and plan their entire experience at the Grand Velas Resort and in Puerto Vallarta and the Riviera Nayarit as a whole. Upon booking, guests will receive a quick but detailed survey of their travel preferences – including airport transfers, pillow menu, excursions, restaurant and spa reservations, personal training and babysitting services – to allow Grand Velas to begin customizing guest vacations even before arrival.

The new site features a powerful and easy-to-use reservation engine, as well as a variety of specialty packages. In addition to such perennial favorites as Wedding, Romantic, and Golf Packages, the new website also features special vacations centered on water sports, whale-watching, and deep sea fishing. No matter how luxuriant the resort experience may be, any vacation is enriched by its surrounding community. As such, the new Grand Velas Resort website highlights local culture in Puerto Vallarta and the Riviera Nayarit, including festivals, events, and Mexico's celebrated boardwalk, the Puerto Vallarta Malecón.

"We wanted to focus on the destination as a whole," said e-Commerce manager Melissa Grossarth. "There is such a rich variety of activities available to our guests, from adventurous excursions to local culture, and we wanted to make that as accessible as possible."

The site's high-resolution panoramic and aerial photographs, as well detailed descriptions of all accommodations and activities, impart a vivid vision of the Grand Velas experience. The Grand Velas website reflects the hotel's overall commitment to luxurious, all-inclusive vacations, allowing guests to have the most memorable and satisfying vacation possible with the greatest amount of convenience.
