FOLLOW THE PATH OF WATER

Enhance every experience with the Grand Velas Water Ceremony.

Water exemplifies transformation. Ice, vapor or crystalline liquid that purifies, clarifies and revitalizes our being, it blankets us with warmth and revitalizes us with freshness. It provides soft caresses or powerful pressure massage. It is a life source that carries the deeper meaning of transformation in every drop.

Water Ceremony

\$55 USD

Hydrotherapy is the therapeutic process of treating the entire body with water at varying temperatures. SE Spa features separate hydrotherapy areas for men and women.

JACUZZI: The pressure of the jets and temperature of the water help to relax muscular tension and provide a moment of internal peace.

SAUNA: Enjoy the benefits of dry heat; ideal for detoxifying the body through the process of perspiration.

EUCALYPTUS INHALATION: Helps decongest your respiratory passages.

STEAM WITH CHROMOTHERAPY AND STARRY SKY: Color therapy balances the vital centers or chakras, relaxing you through your sense of sight.

HOT AND COLD LAGOON: The contrast of hot water helps to relax the musculature; the cold activates vasoconstriction, encourages vascular fitness and revitalizes the immune system.

PRESSURE SHOWER: Cold water evens out the temperature of the body to avoid imbalance from the heat of the steam and sauna.

ICE FOUNTAIN: Provides a complete temperature contrast to stimulate the body and strengthen the circulatory system.

HYDRO-REFLEXOLOGY: It activates blood circulation in the legs and soles of the feet.

RELAXATION AREA: Before your treatment, our Spa Concierge will pamper you with a moment of rest on our comfortable lounge chairs, relaxing your shoulders with a warm, soft neck pillow filled with aromatic seeds; your eyes will be relaxed and hydrated with fresh slices of cucumber and a cold towel scented with orange.

GOURMET DETAILS: Enjoy a variety of natural fruit-infused waters, whole grain cookies and dried fruit and nuts throughout the water journey and rest period.
